### GO GREEN AT WORK

Godrej Interio has launched a range of Green office furniture. Created with eco-friendly materials and processes, this Greenguard-certified desk-based range ensures improved indoor air quality, which means higher productivity at the workplace. Its flexible design enables an architect to design optimised workspaces. And with its aesthetic and seamless design, these products redefine the art of working in the truest sense. Here is a range of furniture that looks good and does just as much good. What's more relevant in today's context is that the furniture is environment-friendly.

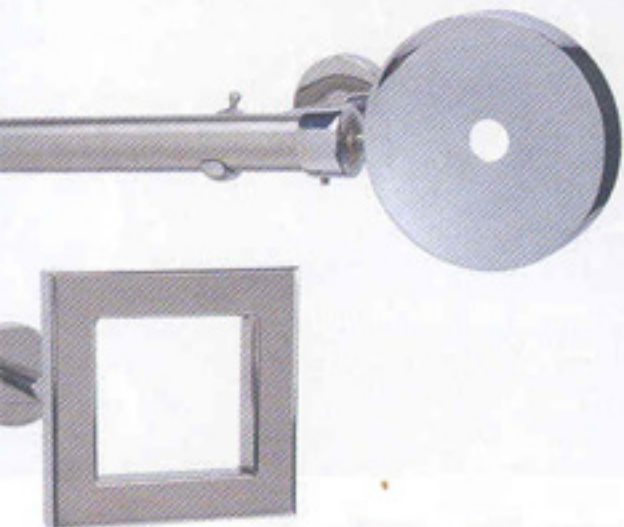

### SO MANY REASONS

Somany Ceramics' new range of Glazed Vitrified Tiles with Duragres not only offers the durability of full body vitrified tiles, but also comes with VC shield technology. Perfect for high footfall areas, Duragres tiles are available in the size of 600x600mm in close to 20 designs, with 15 more in the pipeline. The entire range of Duragres tiles is available at all Somany display centres, Somany exclusive showrooms and dealers' showrooms across the country.
